

KEY INFORMATION FOR THE WEEK

I do hope that those of you who joined us for our Harvest service at Holy Trinity Church on Tuesday enjoyed the event; thank you for your help in getting the children there and back safely. Thank you also for your generous food donations. On Sunday we have been invited by Father Nick and his team to Holy Trinity Church to take part in the village's festival of Harvest. Everyone is welcome. If your child would like to come along, we will meet at school at 10:30am before walking to church for the service which begins at 11am. The children should be dressed smartly in school uniform. The service should finish around 12 noon; please pick your child up from church if you are not intending to stay for the service.

Thank you for returning NSPCC sponsor forms and sponsor money. If you missed today's deadline, forms can be brought to school on Monday and dropped into class post boxes. The NSPCC reps will be returning to collect them next week.

To enhance learning, three classes enjoyed trips out this week. I request that reply slips and payment for any such events in the future are returned to school promptly to allow appropriate paper work to be completed ahead of the trip going ahead. Alternatively you can make a payment using Scopay and by doing so consent will be automatic.

The turn-out for Tuesday PTA AGM was encouraging; thank you for coming along. The next meeting to discuss up-coming events will be on Monday 29th October at 8pm in the school library.

Please be vigilant about making sure that any medication we have in school for your child is in date. Should your child at any point require new or additional medication, please pass it to Mrs Fisk in the school office **not** your child's class teacher. This will help us to ensure records are accurate. Thank you.

On Monday Flu Vaccination consent forms will be issued to children in Reception through to Year 5. You will find these in book bags. The form has a section at the bottom which you need to complete indicating consent (see green section) or not (see red section). Please return a form for your child regardless of whether you wish them to have the vaccination by Friday 2nd November. These forms should be posted through the white letter box at the front entrance.

Finally with Science Week beginning on Monday, please ensure payment for the week's events is passed to the school office by Monday or that payments are made using Scopay. This week each class teacher has set a design technology challenge for the class as your child's weekend homework. Completed projects should be brought to school for Friday 12th October for testing before winners are announced.

Anna Smith

Cygnets Class – Raamiz Rizvi – for settling into Cygnets Class so well

Swan Class – Monty Garrett – for being a great learner

Kingfisher Class – Spencer Stockdale – for making a tremendous effort to improve all his work
